

## Summer School FAQs

### **Elementary School Level Program FAQs:**

#### **Held at Washington Elementary**

*Q: When does registration open for summer school?*

A: March 15, 2024.

*Q: What is the annual registration deadline to register my student?*

A: May 1, 2024 (FIRM).

*A: How do I register my student?*

Q: Registration is managed through Eureka City Schools student information system; PowerSchool. To register a student, log into your parent/guardian account, toggle to “forms” and complete the appropriate registration. For support with the PowerSchool system, please reach out to your students' site secretary.

*Q: What happens if I register my student after the enrollment deadline?*

A: Students who register after the enrollment deadline are placed on a waiting list. Eureka City Schools aims to place all students who register by the deadline for summer school into the program; however, capacity is based on the availability of staff and teachers to support the program.

*Q: What is the earliest age that a student can register for summer school at Eureka City Schools?*

A: In 2024, a student must be currently enrolled in Eureka City Schools to be eligible for summer school. For example: if your student attended TK in the spring of 2024, then they are eligible for summer school.

*Q: If I request transportation for my student to and from summer school, whom may I check in with on the status of that request?*

A: At Eureka City Schools, our Transportation Department handles the placement of students on transportation routes and the mapping of those routes directly. Transportation may be reached at 707-441-2801. In 2024, transportation will be provided as ECS can facilitate and staff it. Students will be expected to be both picked up and dropped off at a 'bus stop' central location. Parents/guardians should plan accordingly, which may mean chaperoning/walking or driving their student to the bus stop for pick up and drop off.

*Q: Will my student be placed with a teacher?*

A: In 2024, enrichment activities will be available for all students, with continued academic support for recommended students. Parents and guardians will have the opportunity to approve the recommended academic placement before their student is added to a class roster.

*Q: Will meals and snacks be provided as part of the summer school program?*

A: Eureka City Schools Food Services aims to provide well-balanced and healthy meals that fit into the USDA's guide to plan, purchase, prepare, and serve nourishing meals for the Child Nutrition Programs through the State of California. Breakfast is generally served in the 8am hour, and lunch in the 12pm hour. Late afternoon snacks are offered for students who will remain at the program until closing.

*Q: My student has an IEP or 504 plan. Will the summer school program accommodate their learning needs?*

A: IEPs will be reviewed by the assigned Education Specialist to determine how to implement accommodations for students attending summer school. The site principals will review 504s to ensure accommodations are followed.

*Q: What grade levels are served in the elementary summer school program?*

A: The elementary level program serves current TK/K-5th grade students enrolled in ECS.

**Middle School Exploration Program FAQs:**  
**Held at Eureka High School**

*Q: What grade levels are served in the middle school exploration program?*

A: The Middle School exploration program primarily serves current students in 6th-7th grade.

- Winship Middle School (incoming Freshmen\*) 707-441-2488
- Catherine L. Zane Middle School (incoming Freshmen\*) 707-441-2469

\*Current 8th-grade students/ incoming Freshmen may sign up for the summer Exploration Program hosted at Eureka High School, some students will be recommended for academic coursework.

The Summer School Principal, Adriana West, will work with middle school counseling secretaries and principals to locate students who will be recommended for the program.

*Q: Will the middle school program follow the same schedule as the high school?*

A: The exploration program will begin each day at 8:25am and end at 3:30pm. This is the same daily schedule as the high school, yet lunch will be served separately.

*Q: Does the Eureka City Schools summer school program follow the same guidelines, policies, and procedures during the summer as they do during the regular school year?*

**For students:**

A: All students are expected to abide by the ECS (or specific school) student behavior code. As summer school is an optional program, students can be dismissed from summer school for behavioral reasons. The student behavior code is on file in the office, and a copy will be provided upon request. Students are also expected to abide by the ECS (or specific school) electronics policy and school dress code.

**For parents/guardians:**

A: Generally speaking, Eureka City Schools aims to offer a consistent experience during summer school as during the typical school year in terms of oversight of guidelines, policies, and procedures. There are some differences surrounding State law and requirements for various educational and disciplinary norms that should be considered while enrolling students. Summer School is an at-will program. There are no required State-led dates for attendance, which means if a student does not, or is unwilling to attend the program as set forth, Eureka City Schools reserves the right to unenroll students on a case-by-case basis.

**High School Level Program FAQs:**

*Q: What is the annual registration deadline to enroll my student?*

A: The High School level Summer School program is fundamentally a credit recovery program. This means that students are enrolled by invitation-only from their site counselors. Counselors may be contacted at the sites below to discuss these options:
